

## Motel Stay Form

Clients put into a motel room paid for by Bridges Oregon fall under the same rules as those staying in the shelter.

These rules are as follows:

- No alcohol
- No cigarette smoking in the room; unless permitted by motel
- No non-prescription drugs
- Subject to random drug testing
- Maintain a clean and quiet room
- No pets; unless permitted by motel
- No contact with the abuser except phone contact
- No visitors unless authorized by a Bridges Oregon staff person. Exceptions that do not need permission include Law Enforcement, Mental Health professionals, and other county or state agency staff persons such as Child Welfare or WIC providers.

If you break any of these rules you may be asked to leave by motel or Bridges Oregon staff.

By signing this form you are in agreement to follow the rules or leave without incident or warning if the rules are broken or perceived to be broken.
